Short-term truck & chipper
rentals delivered in hours.

Forestry Truck and Chipper Rentals

Never miss an opportunity to grow your business.

Tree Trucks helps you grow without long-term obligations.

Enjoy the flexibility and convenience of our short-term rentals.

Tree Trucks rents standard 61-foot Forestry package bucket trucks.

Need additional height?

We rent 75-foot rear-mount elevator buckets that provide additional height and reach without a CDL requirement.

★★★★★

"We had a great experience with the Tree Trucks team and highly recommend them. Their rental process is fast and easy. Customer service is awesome! Their trucks are the BEST!"

Brent Tyrrell - Tyrrell Resoucrces, Inc.

Chipper Trucks and Chipper Rentals

Focus your resources on your core business.

Our service guarantees that you make the most of every opportunity to grow.

Rent by the day, week or month.

★★★★★

"I had a really big commercial job coming up. I was stressed out thinking about how I was going to pull it off with my small truck and chipper given the strict deadline. Then I found Tree Trucks. I rented their bigger 19-inch wood chipper and a 23-yard chipper truck. The job would have taken three weeks with my equipment, but we finished the job in one week.

The client was so happy. Now they are sending more work my way."

Ben K. - Diamond Arborist Service

DO THE MOST

There is no substitute for a bigger chipper or truck.

Tree Trucks rents BIGGGER trucks and chippers that supersize your capacity to produce the most tree work.

Pursue bigger opportunities with confidence.

Increase your labor efficiency by 300% or more.*

Choose from a selection of 15”, 18”, 19” and 21” tow-behind chippers.

★★★★★

“I highly recommend using Tree Trucks rental services to my colleagues in the tree care industry. Being able to rent tree equipment on short notice to cover breakdowns or upscale for larger projects is a huge, obvious benefit that Tree Trucks provides.”

Rhett Richardson - President, Solano Shade Tree

*Our 275hp 21-inch chipper compared to our 49hp 12-inch chipper processes more than twice the woody debris in half the time. Our 28-yard capacity chipper truck compared to our 15-yard capacity chipper truck cuts the number of trips to the dump in half, saving both drive time and fuel usage.

Scale Up Safely™

Capital requirements, limited inventory, and logistical delays can ALL diminish your capacity to grow, when it matters most.

Tree Trucks helps you ramp up overnight and scale down fast.

Our service ensures consistent production you can count on and calculate.

Manage your fleet with greater agility and efficiency.

Keep your tree crews working with no downtime.

★★★★★

"The Tree Trucks team has been a trusted partner that continuously provides us with a phenomenal service. So glad we found them."

Mark Wells - KDF Forestry

Defeat Downtime®

The cost of downtime goes beyond lost revenue.
If unexpected repairs are required during your rental,
we provide a loaner truck to keep your tree crews working.

Tree Trucks delivers in hours...NOT DAYS.

★★★★★

"The Tree Trucks team helps me effectively manage AERI's large fleet efficiently. They promptly handle any issue without taking trucks or chippers "off-rent". The loaner truck is the best thing."

Jake Virzi - Fleet manager, AERI

Breakdowns Happen

Don't let downtime disrupt your schedule.
After you call the tow truck, call Tree Trucks.
Our short-term rentals keep your tree crews working.

★★★★★

"Tree Trucks was a life saver when one of our aerial lifts went down with transmission problems. Their team is extremely responsive and worked fast to get us a truck quickly to keep our operation running."

Adam Clarke - F.A. Bartlett Tree Experts Company

Accidents Happen

We're here to help put those incidents behind you. First call your insurance company, then call Tree Trucks. Turn your frustration and uncertainty into peace of mind.

California law requires insurance companies to reimburse you for a comparable rental while your truck or chipper is repaired.

Tree Trucks provides comparable rentals to keep your tree crews working while the insurance company settles your claim.

★★★★★

"We lost our forestry bucket truck in an accident. While we waited for our truck to get fixed, a fellow tree company referred us to Tree Trucks. The insurance paid us back for the entire cost of the two-month rental."

Darren Lang - President, Easystumps Tree Services

Eliminate the Unknowns

Waiting for parts, service, and repairs is time consuming and expensive.

Our affordable short-term rentals keep your tree crews working while you wait.

Keep tree management projects on time and on budget.

Put the flexibility of short-term rentals to work for you.

Delivery is available in hours - not days.

★★★★★

"Tree Trucks has been expedient in filling our requests for tree equipment.

They have met our needs on a consistent basis, whether it was for one chipper or ten bucket trucks, in a very timely manner when other companies could not.

They provide a service that keeps the equipment maintained, safe, and compliant.

When unplanned repairs are required, they swap out the truck or chipper that requires service for a replacement loaner which keeps our crews producing tree work on schedule."

Mark Marcelli - Logistics Manager, AERI
